**Report Result** : Positive

Building Condition	Building Height	Building Height
NEW BUILDING	30.51 METRE-51.50 METRE	15.51 METRE-21.50 METRE

Precautions and results to be taken according to the Regulation on Fire Protection of Buildings

As long as the protective measures taken against fire are sufficient and the workplace maintains its current condition, there is no harm in using it as a hotel in terms of fire prevention. I submit.
